

12TH GAIT AND BRAIN SEMINAR SERIES

IN CONJUNCTION WITH COGNITIVE VITALITY AND BRAIN HEALTH GRAND ROUNDS

Tuesday, October 16, 2018

St. Joseph's Parkwood Institute
Room F2-235, Mental Health Care Building Auditorium

“GAIT AND COGNITION: CAUSE, EFFECT, BOTH OR NEITHER”

Guest Speaker **Dr. Richard Camicioli**

Dr. Camicioli completed his undergraduate education in Engineering Chemistry at Queen's University in Kingston, Ont. He trained in Medicinal Chemistry at McGill University where he completed his medical education.

After completing a neurology residency at McGill, he obtained postgraduate research training in Geriatric Neurology and in Movement Disorders at Oregon Health and Sciences University and the Portland VA Medical Center in Portland, Oregon. He then assumed a faculty position as Assistant

Professor at Oregon Health and Sciences University until 2000 when he moved to the University of Alberta, initially as an Associate Professor in the Department of Medicine (Neurology Division).

He is currently a Professor and director of the Cognitive Neurology Program and an attending physician in the Movement Disorder Program. His major research interests relate to bio-fluid, gait and neuro-imaging biomarkers associated with cognition and functional decline in aging and in patients with movement disorders. He is also a team leader in the Canadian Consortium on Neurodegeneration in Aging (CCNA) with over 100 peer-reviewed publications.

This program was supported in part by an education grant from ProtoKinetics, the F.J.H. Campbell lectureship fund and The Ontario Brain Institute.

AGENDA

2:45 P.M.

Welcome Remarks by
Dr. Michael Borrie

2:50 P.M.

Twelve years of the
Gait and Brain seminars
and research by
Dr. M. Montero-Odasso

3:00 P.M.

Lecture by
Dr. Richard Camicioli

3:50 P.M.

Question & Answer

4:00 P.M.

Evaluations

4:10 P.M.

Adjourn

*A minimum of 25% of this program is
dedicated to participant interaction.*

12TH GAIT AND BRAIN SEMINAR SERIES

IN CONJUNCTION WITH COGNITIVE VITALITY AND BRAIN HEALTH GRAND ROUNDS

Tuesday, October 16, 2018

St. Joseph's Parkwood Institute
Mental Health Care Building Auditorium, Room F2-235

LEARNING OBJECTIVES

Upon completion of this activity, the participant will be able to:

- Review the impact of gait changes in aging
- Present evidence for the relationship between gait and cognition
- Discuss causal links between gait and cognition

STUDY CREDITS

This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification program of The Royal College of Physicians and Surgeons of Canada, and approved by Continuing Professional Development, Schulich School of Medicine & Dentistry, Western University (1 hours).

You may claim a maximum of 1 hour (credits are automatically calculated). Each participant should claim only those hours of credit that he/she actually spent participating in the educational program.

RSVP

Seating is limited. Please RSVP to Brenda Honsinger:

Email: Brenda.honsinger@sjhc.london.on.ca

Phone: 519.685.4292 ext. 45024

The Gait and Brain Seminar Series is a no-cost event.

VIDEOCONFERENCING AVAILABLE

OTN Event # 88848824

Ensure your OTN equipment is up and running by 2:30 p.m.

If you connect after 2:30 p.m. call OTN at 1.866.454.6861 and have your event site number, I.D. and camera number available.

Webcast Link: If you would like to participate via webcast, email Brenda.honsinger@sjhc.london.on.ca and we will send you the link closer to the event.

ACKNOWLEDGEMENTS

The Gait and Brain Lab and the Division of Geriatric Medicine, Department of Medicine, at the Schulich School of Medicine & Dentistry, Western University.
